Visual style guide

The familiar face / VISUAL HANDBOOK

Proposed art direction using the concept portrait as a reference—not a finalized character asset specification.

01 / Silhouette & wardrobe

Relaxed tailoring, knit layers and open collars; approachable rather than uniformed authority. Venue-specific styling requires approval and clear synthetic-presenter disclosure.

02 / Color & texture

Soft blue, warm gray and restrained terracotta details; tactile cotton and knit textures. Keep the palette welcoming without excessive saturation or plastic-looking skin.

03 / Light & framing

Even, soft facial light and an uncluttered venue background. Favor eye-level medium shots with space for approved information and captions.

04 / Movement & continuity

Open gestures, gentle reaction shots and unhurried pacing. Preserve facial proportions and natural expression; avoid exaggerated comic distortion or claims of personal experience.

Continuity priority: preserve original identity across wardrobe, lighting, expression and localized versions. Review source assets and disclose synthetic imagery.
